

## Ch-15      National Unity -

1) What kind of people live in India?

→ People of our country are from different cultures, castes, creed and religions. People speak different language, wear different clothes and have different food habit.

2) Why is the national integration essential?

→ National integration is essential for a country for its progress. Oneness of thought and a spirit of co-operation is needed for peaceful co-existence of each ethnic group.

3) What must we cultivate as people of India.

→ We must cultivate a sense of pride for our country and feel that we are children of Mother India, we are Indians.

4) Name the situation when social interaction does not sometimes happen.

→ In case of inter-caste and inter-state marriages etc some clans react violently and make ugly situations and disturb the peace of society. That time social interaction does not sometimes happen.

5) In what way is the language a reason for discord for many people?

→ The different linguistic groups show narrow-mindedness and push out those belonging to another group. They behave with their own countrymen as if they were rivals and enemies.

6) When does all-round progress take place?

→ All around progress take place during peace time. As students with innocent and unbiased minds, they can help greatly in this vital progress.

7) What kind of sentiment is needed to fight a foreign force?

→ We should by all means love our own religion, caste, customs and culture but we must be broad-minded enough to think of being an Indian first. It is needed to fight a foreign force.
